Maestro App

While Maestro is a cloud-based software, mobile editing isn't always the most convenient. That's w

le for Apple and Android devices for free. With the app, you will be able to update your system on the go even easier. Functionality that is included in the app is:

- Ability to add/edit Contact, Business, and Property Profiles
- Including adding Involvements and making connections to other profiles
- You can also attach files, including using your camera to take pictures of people, businesses, and properties
- Ability to add/edit work plans
- Including creating new tasks, assigning tasks and attaching people to the work plan
- You can also mark tasks as complete
- Ability to add/edit Events

Functionality that is NOT included in the Maestro App and only available on the desktop version:

- Reporting / Advanced Search
- Inputting Investment Tracking
- Volunteer Opportunities
- Donations
